

# Visit Summary

**Patient** Dog Zz snoppy  
**Date of birth** April 26, 1965  
**Document Created** March 1, 2011  
**Author** Jonathan Ploudre, North Cascade Family Physicians

## Chief Complaint

Ms. Zz snoppy is a 45-year-old female. She presents with cold symptoms .

Visit date occurred: 3/1/2011

## History of Present Illness

- Patient to be evaluated for acute upper respiratory infection. The duration of this is unclear. The symptoms include body aches, chills, dry cough, "sinus" headache, nasal congestion and sneezing. She denies exposure to ill contacts. She has not tried any medications for symptomatic relief. Medical history is significant for mild allergies, poorly controlled asthma, frequent sinusitis, and cigarette smoking.

## Vital Signs

No vitals listed.

## Diagnostic Test Results

No Test Results
